# Call for Papers

**8th Asia-pacific Conference on Education, Teaching & Technology 2026**

*"Redefining Education: Tech-Driven, Equitable, Sustainable Future"*

*13-14 July, Kuala Lumpur, Malaysia*

The AP-EduTeach2026 organizing committee welcomes submissions from researchers, educators, policymakers, and innovators to share original contributions that address the evolving role of technology in education. We encourage work that not only explores cutting-edge tools and methods, but also emphasizes equity, sustainability, and real-world impact in diverse educational settings. Through peer-reviewed presentations, panel sessions, short films, and posters, this conference aims to foster meaningful dialogue and collaboration toward resilient, adaptable, and inclusive education for the future.

We expect submissions that delve into the latest trends, challenges, and opportunities across the spectrum of education, embracing cutting-edge technology and fostering transformative change.

Your participation in Asia-Pacific EduTeach2026 may be under the following categories (Original research paper, published article, Dissertation/PhD thesis, Research abstract etc..)
